Dear Mike:

I am writing this letter as a "Thank You" for all the years of excellent cleaning services! Your whole team, including your office staff, are amazing.

We have been with GBM for over 20 years and you have always exceeded our expectations. Your team is detailed, punctual, professional and willing to go the extra mile to make sure we are completely satisfied. I know there have been plenty of times, especially after our annual Thanksgiving Feast events, that the office is left in complete chaos, and when we come back in the office the following day, the office is immaculate – it's like nothing ever happened and the whole office space is back to normal.
